Gentlemen:

We wish to advise you that we inadvertently marked the TSD Box in error. This company has a pretreatment system only. There is no treatment of the hazardous waste resulting from such pretreatment. As a result any reference to "Treater" on the form should be deleted.

Very truly yours,

RE: TSD Notification without
Part A Application

Dear Notifier:

The United States Environmental Protection Agency (U.S. EPA) has received your notification of hazardous waste activity. On that form, by checking the "treat/store/dispose" (TSD) box, you indicated that you are a hazardous waste management facility (HWMF). To date, however, we have no record of having received Part A application for a hazardous waste permit which is required for all HWMFs.

Federal regulations require owners and operators of existing HWMFs (installations which treat, store, or dispose of hazardous waste) to have submitted a Part A permit application to the Regional Administrator by November 19, 1980, in accordance with 40 CFR 122.22. This requirement applied to HWMFs which were in existence on or before November 19, 1980. New facilities (those established after November 19, 1980) are required to submit Part A and Part B of their permit application, and receive a Resource Conservation and Recovery Act (RCRA) permit before beginning physical construction.

If your facility treats, stores, or disposes of hazardous waste, then your facility is operating without a hazardous waste permit, in violation of Section 3005 of RCRA, as amended. This violation is considered serious by the U.S. EPA, and may subject you to Federal enforcement under Section 3008 of RCRA for past and continued non-compliance.

Please submit your completed Part A application to the address below within fifteen days of receipt of this letter:

We are aware that some hazardous waste handlers may have marked the TSD box on the notification form as a precaution or as a result of misunderstanding the May 19, 1980, hazardous waste regulations. If you notified us as a TSD in error, or if your status as a treatment, storage, or disposal facility has changed, please advise us in writing immediately.

Please contact Arthur Kawatachi of my staff at (312) 353-2197, if you have any questions regarding this letter.

Sincerely yours,

William H. Miner, Jr.
